

## The Lion and The Mouse Activity

*What order do the pictures go in? You can point to them on your screen or print and cut them out to put in the right order.*

*Can you use the pictures to re-tell the story?*

### **Create a multi-sensory picture:**

- Find something soft for the mouse.
- Find something sandy coloured for the lion.
- Use some wool/string for the net.
- Find something rough for the bark on the tree.
- Use tea leaves or herbs for an earthy smell for the leaves on the tree.
- Listen to the sounds of the Kruger National Park:
